

Emerald Pointe

Information Regarding Hospice Services & Hospice Selection

Your physician has indicated that you or your loved one may benefit from hospice services. Hospices' provide end of life services designed to address the physical, psychosocial, emotional and spiritual needs of you loved one. They also provide comfort care and supportive services to your loved on and their families. We are providing the following information to assist you in identifying the various hospice resources available to you.

Emerald Pointe is contracted with two hospice agencies that provide hospice services to our resident.

If you would like to receive services from a non-contracted hospice, you may identify that hospice to us and we will see if they are willing to provide services to you at our facility. (For your convenience, we have attached a list of other hospices that provide services in the area.)Because we are required by law to contract with hospice providing services at our facility, we only allow hospices that meet our credentialing requirements and are willing to enter into our standard contract to provide service to you at Emerald Pointe. If your selected hospice will not enter into our contract or doesn't meet our credentialing requirement, we can assist you in identifying an alternate hospice or in transferring to another facility.

Hospice Selection (please initial)

_____ Hospice of Guernsey

_____ Valley Hospice

_____ Other: _____

Important: YOU HAVE A CHOICE OF PROVIDER. YOU ARE UNDER NO OBLIGATION TO SELECT OUR CONTRACTED HOSPICES AND YOU SHOULD FEEL NO PRESSUR TO DO SO.SHOULD YOU SELECT AN ALTERNATE PROVIDER, YOU WILL NOT BE RETALIATED AGAINST IN ANY NANNER.

If you have any question regarding hospice, please contract Bridget Delaney at 1-740-425-5400.

If you believe that you have been pressured to select a hospice that you do not wish to choose, please contact our compliance officer at 419-566-9723
